NOTICE OF PROPOSED RULE MAKING

Adopted: July 21, 2004

Released: July 26, 2004

Comment Date: September 16, 2004

Reply Comment Date: October 1, 2004

By the Assistant Chief, Audio Division:

1. Before the Audio Division for consideration is a multiple docket *Notice of Proposed Rule Making* setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Commission rules.¹ The petitioner for each proposal has stated that it will apply for each requested channel, if allotted. Each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rule Making*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

A. MB Docket No. 04-266; RM-11005

Petitioner: Charles Crawford
4553 Bordeaux Avenue
Dallas, Texas 75205

Proposal: Allot Channel 232A at Harrisonburg, Louisiana, as the community's first local aural transmission service.²

¹ 47 C.F.R. § 73.202(b).

² In support of its proposal, petitioner states that Harrisonburg is an incorporated city with a 2000 U.S. Census population of 746 persons. Harrisonburg has its own mayor, police department, post office, elementary school, volunteer fire department, and a number of churches. Petitioner further states that the allotment would provide additional diversity for Harrisonburg, and an outlet for local self-expression to its residents.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Harrisonburg, Louisiana	—	232A

Coordinates: 31-48-18 NL and 91-47-26 WL³

Additional Information: This allotment requires a site restriction of 4.9 kilometers (3.0 miles) northeast to avoid short-spacings to the licensed sites of Station WEMX(FM), Channel 231C1, Kentwood, Louisiana, and Station KSMB(FM), Channel 233C, Lafayette, Louisiana. To accommodate the allotment, petitioner requested that Station KSMB(FM) at Lafayette, Louisiana, be reclassified from Channel 233C to Channel 233C0. However, our engineering analysis has determined that, at the site used for this allotment, the reclassification of Station KSMB(FM) at Lafayette is not necessary, and an *Order to Show Cause* will not be issued.

Additional Information: This allotment is located at city reference coordinates and does not require a site restriction. Since Mecca, is located within 320 kilometers (199 miles) of the U.S.-Mexican border, concurrence of the Mexican government has been requested.

Contact: Sharon P. McDonald (202) 418-2180

³ We note that these coordinates are short-spaced to Station KTRY-FM, Channel 232A, Bastrop, Louisiana. However, Channel 230A was substituted for Channel 232A at Bastrop, Louisiana, pursuant to a *Report and Order* in MM Docket 99-141. See 16 FCC Rcd 7220 (2001).

C. MB Docket No. 04-268; RM-11009

Petitioner: Dana J. Puopolo
2134 Oak Street, Unit C
Santa Monica, California 90405

Proposal: Allot Channel 288A at Taos, New Mexico, as the community's fifth local FM transmission service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>

D. MB Docket No. 04-269; RM-11010

Petitioner: Linda A. Davidson
2134 Oak Street, Unit C
Santa Monica, California 90405

Proposal: Allot Channel 299A at San Joaquin, California, as the community's second local FM transmission service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
San Joaquin, California	288B1 ⁴	288B1, 299A

Coordinates: 36-36-00 NL and 120-12-36 WL

Additional Information: This allotment requires a site restriction of 2.1 kilometers (1.2 miles) west to avoid a short-spacing to the licensed site for Station KZOL(FM), Channel 300B1, North Fork, California.

⁴ Action in this *Notice of Proposed Rule Making* corrects the FM Table of Allotments to show the allotment of Channel 288B1 in lieu of Channel 288A at San Joaquin, California. An application (File No. BLH-20011002AAM) for a one-step upgrade was granted on December 17, 2001. This action constitutes an editorial change in the FM Table of Allotments. Therefore, we find for good cause that a public notice and comment proceeding is unnecessary. See 5 U.S.C. 553(b)(A) and (B).
